

WOOD CHIPPER TRAINING

This class is available upon request by Departments of Public Works.

The class is three hours in length. Two hours are in the classroom reviewing the set up and safe operation of the chipper and one hour is a hands-on, pre-trip inspection and operational review of the unit.

We like to hold two sessions a day:
8:00 – 11:00 am and 12:00 – 3:00 pm

Class size is up to 10 people.

The DPW would need to provide a classroom and chipper.

Instructor:
Mike St. Peter of the Certified Logging Professional Program

Any photos taken during the training will be used for marketing purposes by the RI T2 Center.
