# 2019 Rhode Island Public Works Association Sponsorship Opportunity

The mission of the Rhode Island Public Works Association is to support high quality training and educational opportunities for the Public Works community in Rhode Island, to represent the interests of the Public Works community to the general public as well as federal, state and local government bodies and agencies and to provide a forum to public works employees for the exchange of ideas and technical information that is helpful to them in conducting their daily duties and responsibilities. With this mission in mind we host an annual Equipment & Construction Show in the spring as well as a Snowplow Rhodéo for training in the summer. We also offer trainings and classes (like Chainsaw safety, Forklift safety and Flagger Safety) throughout the year to keep staff up to date with safety and training certifications. RIPWA is no longer funded by federal grants and we rely on our membership and sponsorships to help keep our cities and towns safe. Please consider being a yearly sponsor.
